

Sheikh Imran ul Haque

Member

Sheikh Imran ul Haque is a magna cum laude Mechanical Engineering graduate with Member Master of Science in Industrial Engineering (major in Engineering Administration)-both from Syracuse University, New York.

Imran began his career in 1979 with Niagara Mohawk and worked with Bechtel in the USA till 1981 before joining Exxon Chemical Pakistan Ltd. in 1987 after a business development stint in the construction sector of Iraq and Pakistan.

He has held leadership roles with Engro/Exxon Chemical including New Venture Division, Market Development, Information Technology and Maintenance Manager. He also has experience in Supply Chain and Terminal Operations.

Imran was instrumental in obtaining allocation of permeate/offgas for a 210MW power project (USD 225m investment); feed gas for the Enven 1.1 mtpa fertilizer project (USD 1.2b investment), in acquisition of a control engineering company, in developing the business plan for mobile telephone services and integrated voice, data and video, implementing SAP for Finance and HR functions and managing the largest maintenance turnaround of 60 days to implement the capacity increase at Engro Fertilizer.

He was Chief Executive Officer of Engro Vopak Terminal Limited (2006) and Senior Vice President of Engro Corporation Limited (2014) and pursued growth initiatives in marketing RLNG and importing LNG as CEO of Elengy Terminal Pakistan Limited (2012). As CEO of Engro Elengy Terminal, he spearheaded and commissioned the first 4.5 mtpa LNG import infrastructure for Pakistan in a world record 300 days (March 2015). The project and strategies laid the foundation for growth of EVTL and ETPL.

Imran has served on the Boards of Inbox Technologies, Avanceon, Engro Energy and Pakistan Steel Mill, EETL, EVTL and ETPL. He was Chairman of Petroleum Institute of Pakistan in 2015 and serves on the Boards of PRL, Pak Grease, PAPCO, OCAC and PIP and joined PSO in September 2015.

Dr. Musaddik Malik

Member
