WEAVING THE NETWORK OF OUR NATION

ANNUAL REPORT 2009
WEAVING THE NETWORK OF OUR NATION

Take a look around you, and chances are you’ll find us there; somewhere near you, and everywhere in Pakistan, from the airport in your city, to the industrial sector to quite possibly, the car right next to yours on the road.

That’s because most people choose PSO’s products over any other in the country, as we fuel air and sea ports, government entities, armed forces, railways, the agriculture sector, IPPs and industrial units with maximum efficiency. So whenever you go, you’ll find us there — engineering innovations with a portfolio of products and solutions that no other company can offer. With more than 3,600 retail outlets serving approximately 2.8 million retail customers daily along with 2,000 industrial units and business houses and a fleet of 6,000 tank lorries, tank wagons and pipelines, PSO has the largest distribution network in the country.

We take great pride in maintaining our tradition of excellence with our commitment to meet the energy needs of today and the rising challenges of tomorrow by anticipating future needs before they arise, with the benefit of our consumers and investors in mind. Because thinking ahead is the only way of staying ahead.
Karachi is situated in southern Pakistan and is the capital of the Sindh Province. The hub of a sprawling metropolitan area, Karachi is the nation's largest city and its chief transportation, commercial, and manufacturing centre. The city is also an important banking centre with a stock exchange. Karachi has a rich collection of buildings and structures of various architectural styles ranging from Mughal to Colonial. The Kothari Parade and Mohatta Palace are fine examples of Mughal architecture in Karachi.

Known for its beaches and local fishing villages, Karachi serves as a major export hub for fish. Most of the international trade of Pakistan also passes through the city's busy modern port, centred on the island of Keamari.

With 192 retail outlets across Karachi supported by an uninterrupted supply chain, PSO caters to the fuel requirements of the citizens of Karachi as well as important economic sectors including aviation, power plants and other industrial units round-the-clock.

Vision
To excel in delivering value to customers as an innovative and dynamic energy company that gets to the future first.
Mission

We are committed to leadership in the energy market through a competitive advantage in providing the highest quality petroleum products and services to our customers based on:

1. A professionally trained, high-quality, motivated workforce that works as a team in an environment which recognizes and rewards performance, innovation and creativity, and provides for personal growth and development.
2. The lowest-cost operations and assured access to long-term and cost-effective supply sources.

Strategic Objectives

1. Maximize profitability in the Lubricants business through segmented marketing and brand promotion.
2. Explore potential markets for the export of fuels and lubricants.
3. Expand the PSO Cards Business by enhancing the customer base, efficient distribution and brand partnership.
4. Enhance our reach and add to our network of New Vision Retail Outlets (NVROs).
5. Develop bio-fuels and expand the gaseous fuels business.
6. Revamp the C-store network, introduce Quick Service Restaurants and develop strategic alliances with local and international franchises.
7. Revamp organizational structure and various functions in line with the best corporate practices.
8. Streamline systems and procedures in accordance with the changing business environment.
9. Ensure full HSE compliance in all our operations and try to meet a zero accident objective through effective system development, training, inspections and audit.
10. Reinforce quality assurance by acquiring the ISO 9000 quality management certification of various departments, and expansion of MQTLU network.

Welcome to PSO, the largest oil marketing company in the country committed to fuelling the progress of the nation.
HYDERABAD
South, Pakistan - 25° 22' 45" N, 68° 22' 6" E
Hyderabad is located in the Sindh province of Pakistan and has been a staging point towards the Sindhi language and the birthplace of a few influential poets and Sufi dervishes.

Meer tombs is a Pre-Harappa site which flourished from 3,600 to 3,300 BC and is located 110 kilometres north of Hyderabad. Kotri barrage, a very important irrigation system built at the outskirts of the city, is responsible for supplying water to major cities of Pakistan.

Rich with culture and tradition, Hyderabad is the largest bangle producer in the world also famous for its pottery and metal work for trucks and vehicles.

PSO enjoys a wide reach in Hyderabad with 304 retail outlets across the city to meet the fuel requirements of residents and transporters alike.
Core Values

Excellence: We believe that excellence in our core activities emerges from a passion for satisfying our customers' needs in terms of total quality management. Our foremost goal is to retain our corporate leadership.

Innovation: We are committed to continuous improvement, both in new products and processes as well as existing ones. We encourage creative ideas from all stakeholders.

Respect: We are an equal opportunity employer, attracting and recruiting the finest people from around the country. We value contributions from individuals and teams. Individual contributions are recognized through our reward and recognition program.

Integrity: We uphold our values and fairness ethic principles. Professional and personal honesty, dedication and commitment are the landmarks of our success. Open and transparent business practices are based on ethical values and respect for employees, communities and the environment.

Cohesiveness: We endeavor to achieve higher collective and individual goals through teamwork. This is inculcated in the organization through effective communication.

Corporate Responsibility: We promote health, safety and environment culture both internally and externally. We emphasize on community development and aspire to make society a better place to live in.

Code of Conduct

In line with management’s effort to maintain the decorum and ensure an environment that is cohesive to the development and success of our people, a Code of Conduct has been put in place where the following activities can result in disciplinary action:

1. Unsatisfactory and negligent job performance.
2. Excessive and unauthorized absence from duty.
4. Reporting on duty under the influence of drugs or intoxicants.
5. Absence from duty without notice or permission from the supervisor unless the cause of absence prevents giving notice.
6. Using influence for promotion, transfer or posting.
7. Conduct that violates common decency and morality.
8. Engaging in activities that could provoke fights or altercations.
9. Insolence/inhibited or deliberate refusal to comply with reasonable requests or demands.
10. Use or possession of weapons, ammunitions, explosives, intoxicants, illicit drugs or narcotics on site.
12. Gambling on site property or bringing illegal gambling paraphernalia on to the site.
13. Theft or unauthorized removal of site property or property belonging to site employee, contractor or vendor.
14. Intentional damage to site, employee, contractor or vendor property.
15. Dishonest act or fortification of records, including the giving of false information when required.
16. Bringing combustible material on site or having any type of match stick, cigarette lighter or flame producing device in restricted areas.
17. Smoking except in designated areas.
18. Using or divulging without permission, any confidential information gained through employment at the site.
19. Physical, mental or sexual harassment of fellow employee including threat to do bodily harm.
20. Crime involving fraud, indecency, breach of dignity or public morals and other serious offenses.
21. Any other commission or omission which, in the opinion of the company, requires instant dismissal/determination of employment.

When does it become?
High-quality service and customer care

Our most important asset: Our people
Sukkur is the third largest city of the Sindh province, situated on the west bank of the Indus River. Sukkur is nicknamed Darya Dino, meaning the gift of river, as without the Indus, the city would be a desert.

The Sukkur barrage controls one of the largest irrigated areas in the world. The 5,000 feet long barrage has 66 gates and is made of yellow stone and steel. It can irrigate nearly 10 million acres of farmland through its seven canals. Some of the canals are larger than the Suez Canal.

Sukkur is famous for its sussi cloth, ceramic tiles, block printing and woodwork. The Sukkur division houses 220 PSO retail outlets to facilitate both the transport and agriculture sectors.
Pakistan State Oil, the largest oil marketing company in the country, is currently engaged in the marketing and distribution of various POL products including Motor Gasoline (Mogas), High Speed Diesel (HSD), Furnace Oil (FO), Jet fuel (JP), Kerosene, LPG, CNG, Petrol derivatives and lubricants. In addition to this, we also import different products according to their demand pattern and possess the biggest storage facilities representing 80% of the country’s total storage capacity.

Brief overview of each business facet of PSO is stated below:

**Marketing & Distribution**

The company has the largest distribution network comprising of 3,620 outlets out of which 3,184 serve retail customers, 53 outlets cater to the agriculture sector, and 183 outlets serve our bulk customers. Out of a total number of 3,620 outlets, 1,735 have been upgraded in the New Vision Retail Program with the most modern facilities.

Moreover, there are 37 company owned and company operated Co-Co sites to serve our retail customers. The idea of setting up Co-Co sites was to make these stations flagships under maximum supervision and intense scrutiny to maintain the highest level of efficiency, service and customer care.

In addition to retail customers, more than 2,000 industrial units & business houses, power plants and airlines are being catered to by PSO’s different departments.

**Acquisition of Products**

Traditionally, due to the high demand of two products, i.e. High Speed Diesel (HSD) and Furnace Oil (FO), there has been a supply deficit in the country. To meet the supply deficit, PSO imports HSD and FO along with some additional volumes of Mogas as and when required. We have a fleet of around 6,000 tank lorries, 1,200 tank lorries equipped with tracking and pilfer proof systems, have been upgraded as per international standards which are engaged in delivering quality fuels across the country.

With the inception of the White Oil Pipeline Project (WOPP) from Karachi to Multan, PSO has gone beyond fuel for its retail customers and has introduced quick service restaurants, courier windows, convenience shops, wash express, ATMs and utility bill payment windows for its customers.

**Industrial Consumer**

Alongside its retail and non-fuel retail business, PSO also caters to the fuel demands of industrial consumers that include power generation, railways, sugar and the textile industry. The company has also been meeting the fuel needs of the armed forces of Pakistan. PSO also provides refueling facilities at 9 airports in Pakistan as well as marine ships fuel at 12 ports.

**Non-Fuel Retail**

PSO’s leading retail brands include Premier-XL (petrol), Green-XL (environment friendly diesel with an additive that provides more mileage, reduces fumes and less black smoke), D circumstances, have been upgraded as per international standards which are engaged in delivering quality fuels across the country.

Multan is a city in the Punjab Province of Pakistan and capital of the Multan District. It is located in the southern part of the province on the east bank of the Chenab River, more or less in the geographic centre of the country and about 966 kms from Karachi. Multan is known as the ‘City of Saints’. The city is full of bazaars, mosques, shrines and superbly designed tombs. The Mausoleum of Rukn-i-Alam, an eminent Sufi Saint, could possibly be considered as the glory of Multan.

Kashiwork, which is the glazing and hand painting of ceramic products, is an important art for which Multan is famous the world over. A network of 259 outlets across Multan establishes PSO as a vital player in the city’s petroleum industry.
